You are on an island in the middle of the Indian Ocean. In order to get out, you need to rally and show that you are a real team.

According to our data, the plane of Oceanic airlines has crashed over the island. Onboard was a flight recorder. With it, you can send a signal and get out of the island.

HOW GAME IS OPERATED:

TO MAKE THE GAME CONVENIENT, EASY TO LEARN AND EFFECTIVE - WE USE A DIGITAL QUEST SYSTEM THAT WORKS IN ANY BROWSER. IT IS EASY FOR PARTICIPANTS TO PLAY, WE FOLLOW THE PROCESS OF THE GAME AND QUICKLY DETERMINE THE WINNER
